COUNTRY CURRENT country-bluegrass group LIVE

The United States Navy Band Washington, D.C.
Captain Ralph M. Gambone, USN, Officer in Charge/Leader

Greetings! We are proud to present our newest recording during the celebration of The United States Navy Band's 80th Anniversary.

Since our last recording, we have traveled throughout the United States performing hundreds of concerts for thousands of citizens and dignitaries, including a performance for the G-8 Summit in Sea Island, Georgia, hosted by President George W. Bush and the WWII Memorial Dedication in Washington, D.C. We can testify from our experiences that patriotism and public support for our military are alive and well.

The selections on this CD were gathered from our 2003 Fall Tour through North and South Carolina, Georgia and Florida and are a compilation of new, original and traditional country and bluegrass tunes. As Country Current approaches its 32nd anniversary, we would like to thank all of our patrons for your continued support of this uniquely American music. I know we have enjoyed playing it for you!

I hope you enjoy the CD, and please come out and see one of our performances the next time we are in your town.
